Comments (Reference above questions as appropriate.)					
VA SWPPP inspection MP198, Pocahontas road and mystery ridge. Installed silt fence is in good working condition with no maintenance needed. Installed compost sock along road and sock checks are in good working condition with no maintenance needed. Waterbars installed along Pocahontas road are in good working condition with no maintenance needed. End treatments on waterbars are working as designed,					
Note: It is a condition of National Pollutant Discharge Elimination System and Erosion and Sediment permits that a maintenance program be conducted to provide for the operation and maintenance of all BMPs to be inspected on a weekly basis and after each stormwater event. Please list in the space provided comments to note if repairs or replacement are needed or have been made for BMPs as a result of the inspection. Failure to conduct the required inspection may result in permit suspension or the imposition of civil penalties. If supplemental monitoring is required as part of a permit condition this form may be used to meet those monitoring requirements.
