Comments (Reference above questions as appropriate.)					
SWPP inspection from MP 222.86 to 225.38. Since last inspection Precision Pipeline has been working on ECD maintenance, ECD installation, stringing pipe, force assist excavation, and pipe bending. ECDs observed were installed to E&S spec and in good working order.					
Note: It is a condition of National Pollutant Discharge Elimination System and Erosion and Sediment permits that a maintenance program be conducted to provide for the operation and maintenance of all BMPs to be inspected on a weekly basis and after each stormwater event. Please list in the space provided comments to note if repairs or replacement are needed or have been made for BMPs as a result of the inspection. Failure to conduct the required inspection may result in permit suspension or the imposition of civil penalties. If supplemental monitoring is required as part of a permit condition this form may be used to meet those monitoring requirements.
