### HOW THE POLL WAS CONDUCTED

**This poll was conducted by Mason-Dixon Polling & Research, Inc. of Jacksonville, Florida from January 5 through January 10, 2017. A total of 625 registered Virginia voters were interviewed statewide by telephone.**

**Those interviewed were randomly selected from a phone-matched Virginia voter registration list that included both land-line and cell phone numbers. Quotas were assigned to reflect voter registration by county.**

**The margin for error, according to standards customarily used by statisticians, is no more than  $\pm 4$  percentage points. This means that there is a 95 percent probability that the "true" figure would fall within that range if all voters were surveyed. The margin for error is higher for any subgroup, such as a gender or age grouping.**

**QUESTION: The proposed Mountain Valley Pipeline would transport natural gas underground from West Virginia to Virginia to help meet the demand for energy in homes and businesses in various regions of Virginia and the southeastern United States. Do you support or oppose construction and operation of the Mountain Valley Pipeline?**
