Re: Mountain Valley Pipeline, LLC
Docket No. CP16-10-000
Responses to Data Requests issued December 24, 2015

Dear Ms. Bose:

On December 24, 2015, the Office of Energy Projects (“OEP”) of the Federal Energy Regulatory Commission (“Commission”) issued data requests to Mountain Valley Pipeline, LLC (“Mountain Valley”) on behalf of itself and other federal and state cooperating agencies with respect to Mountain Valley’s certificate application in Docket No. CP16-10-000. On January 15, 2016, Mountain Valley submitted a large majority of the data requests issued on December 24, 2015. Due to the unscheduled closure of the federal government from January 22-26, 2016, Mountain Valley was unable to file additional data responses on those dates.

Mountain Valley submits herein a substantial portion of the outstanding responses. Mountain Valley included the respondents’ verifications with its January 15, 2016 filing. Mountain Valley will continue to file responses for the limited number of outstanding items and update OEP regarding any schedule changes. In addition, Mountain Valley submits herein a portion of the privileged information that was inadvertently omitted from the filing on January 15, 2016.

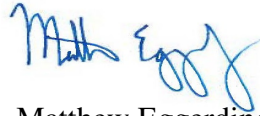

These data responses (including the responses submitted on January 15, 2016) contain public information, Critical Energy Infrastructure Information (“CEII”), and privileged information. The attachments that include CEII are labeled “Contains Critical Energy Infrastructure Information – Do Not Release.” In addition, the attachments that include privileged and confidential information are labeled “Contains Privileged Information – Do Not Release.” Mountain Valley requests that, pursuant to 18 C.F.R. § 388.112, the Commission treat the CEII and privileged information as non-public. The person to be contacted regarding the request to treat these materials as non-public is Paul Diehl, (412) 395-5540 or pdiehl@eqt.com.

Ms. Kimberly D. Bose
