DHR supports the methods presented in the document “Methods for Historic Architecture Criteria of Effects Assessment for Virginia” prepared by TetraTech dated September 2016. The master list of affected properties appears complete based on the studies to date.

Roger and Marc –

Please substitute this version of Tetra Tech's Methods for Historic Architecture Criteria of Effects Assessment for your review. We noticed a typo in the Master List that was sent to you by e-mail on Tuesday, September 20, 2016. We inadvertently listed North Fork Historic District as within Pittsylvania County, but it is located in Montgomery County.

I hope this didn't cause confusion.

Thank you,  
Sydne
