

ENVIRONMENTAL CONDITION NO. 30

Prior to construction, Mountain Valley shall file with the Secretary evidence of landowner concurrence with the site-specific residential construction plans for all locations where construction work areas will be within 10 feet of a residence. Mountain Valley shall also file with the Secretary a site-specific residential construction plan, including site-specific justification for locating project components within 50 feet of structures located on parcel VA-GI-5673 at about MP 216.6. (*section 4.8.2.2*)

Implementation Plan for Environmental Condition No. 30

The signed plans are included as Attachment IP-30a (PRIVILEGED). Mountain Valley will file the outstanding plans when they are signed.

With regard to parcel VA-GI-5673, the site-specific residential construction plan is included as Attachment IP-30b. Access road MVP-CR-258.01 is necessary due to this portion of the pipeline being isolated upstream and downstream of MP 216.8 by numerous stream road crossings. Additionally, Mountain Valley proposed this existing road as access to avoid the environmental impacts that would accompany new road construction. Mountain Valley has committed to narrowing the limits of disturbance along the section of road nearest the structures on the property, will place construction safety fence at the edge of the LOD, and will maintain full access to the property during construction activities. Mountain Valley will also use the existing road with only minor upgrades to the extent practicable, including only minor limb clearing where necessary.
