

<p style="text-align: center;">Attachment IP-18a (Updated March 2018 (updates in red))</p> <p style="text-align: center;">Landowner-Specific Crossing Plan Summary</p>			
Accession No.	Crossing Plan Drawing No.	Avoidance/Mitigation	Coordination with Landowner(s)
20161024-5011 (water well) <u>a/</u>	Not applicable (see applicable alignment sheet).	Mountain Valley's Water Resources Identification and Testing Plan includes detailed processes to identify, test, and mitigate effects on water wells. See info in the column to the right.	Mountain Valley mailed letters to the landowner on March 7, 2017 and May 5, 2017 requesting information on drinking water sources and permission to survey and sample, consistent with its Water Resources Identification and Testing Plan. Mountain Valley did not receive responses from the landowner. Mountain Valley mailed a third letter to the landowner on January 25, 2018. Again, no response received.
20161212-5046 (steep ravines)	Not applicable. See alignment sheet PA-MOVA-H600-04	The referenced letter was filed in December 2016. In February 2017, Mountain Valley proposed Variation 250, which modified the route on the landowner's property. In the Final EIS, Commission Staff recommended that Mountain Valley adopt Variation 250 because it is environmentally advantageous. In this Implementation Plan, Mountain Valley has adopted Variation 250. As a result, the referenced issue is moot due to Mountain Valley's adoption of Variation 250 and the resulting route shift on the landowner's property.	The referenced issue is moot due to Mountain Valley's adoption of Variation 250.
20161212-5234 (forest impacts, road frontage)	RSS-H600-218 (see Attachment IP-18b)	Landowner has signed Mountain Valley's right-of-way and Easement Agreement, and has addressed landowner's concerns. Mountain Valley will reduce its LOD to exclude the landowner's driveway and protect it with safety fence to maintain full access to the residence throughout construction.	Landowner has signed the ROW and Easement Agreement, copies of which are included as Attachment IP-18c (PRIVILEGED).
20161213-5021 (cattle and hay operations)	PA-MOVA-H600-07 MVP-QDAR-H600-87	Landowner has signed Mountain Valley's right-of-way and Easement Agreement, and has addressed landowner's concerns.	Landowner has signed the ROW and Easement Agreement, copies of which are included as Attachment IP-18e (PRIVILEGED).
20161223-0033 (gravel road, reconfigure ATWS)	RSS-H600-222 (see Attachment IP-18d)	Mountain Valley eliminated the portion of MVP-ATWS-1479 that encroaches on the gravel driveway.	Completed. See explanation in avoidance column.
20161228-0073 (water well, waterline for the campground)	Not applicable (see applicable alignment sheet).	Mountain Valley's Water Resources Identification and Testing Plan includes detailed processes to identify, test, and mitigate effects on drinking water sources. See info in the column to the right.	Mountain Valley mailed letters to the landowner on March 7, 2017 and May 5, 2017 requesting information on drinking water sources and permission to survey and sample, consistent with its Water Resources Identification and Testing Plan. Mountain Valley did not receive responses from the landowner. Mountain Valley mailed a third letter to the landowner on January 25, 2018. Again, no response received.

Attachment IP-18a (Updated March 2018 (updates in red)) Landowner-Specific Crossing Plan Summary			
Accession No.	Crossing Plan Drawing No.	Avoidance/Mitigation	Coordination with Landowner(s)
20170324-5140 (home under construction, septic system)	PA-ROVA-H600-04	Pending. See information regarding coordination.	Mountain Valley performed the boundary survey and is continuing to coordinate with the landowner for the remaining surveys and to address concerns.
Note: <u>a/</u> The filing includes comments by the landowner for VA-MO-5522. The FEIS incorrectly lists VA-MO-5511 and VA-MO-5512 as the applicable tracts.
