Detailed Description of Variance: Attachments?  Yes  No Photos?  Yes  No

MVP is requesting to add temporary Harris construction yards 2 and 2A that are approximately 1.25 acres in an open field on the north side of Milroy Road, across from the WB interconnect site. The site will be graded to a flat surface and covered with gravel.

List Attachments: Attachment 1 - Alignment Sheets; Attachment 2 - Rare, Threatened, and Endangered Species Report; Attachment 3 - Stream and Wetland Delineation Report; Attachment 4 - Landowner Exhibit (CUI//PRIV -- DO NOT RELEASE)

Variance Justification: This temporary extra work space would allow for parking and office trailers as well as receiving materials and an assembly area. The area will be returned to as close to original conditions as possible. A topsoil stockpile area is indicated on the alignment sheets in attachment 1. No fuel will be stored at this location.
