Re: Mountain Valley Pipeline, LLC
Docket No. CP16-10-000
Notification of Court Actions

Dear Ms. Bose:

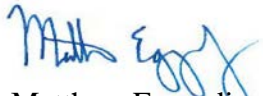

Earlier today, the United States Court of Appeals for the Fourth Circuit issued an order lifting the stay of the United States Army Corps of Engineers Huntington District's Nationwide Permit 12 for the Mountain Valley Pipeline Project. The Court also denied a request for stay of the Norfolk District's Nationwide 12 Permit. Copies of the Court's orders are attached.

When the Court issued the stay on June 21, 2018, Mountain Valley Pipeline, LLC informed Commission Staff that it had suspended construction in the waters of the United States in the Huntington District that were subject to the stay. As a result of today's Court actions, Mountain Valley will recommence with construction activities in these areas. Mountain Valley will continue to comply with all certificate conditions. Mountain Valley still has all permits and authorizations required under federal law for the Mountain Valley Pipeline Project.

If you have any questions, please do not hesitate to contact me at (412) 553-5786 or meggerding@eqt.com. Thank you.

Respectfully submitted,
