**Subject:** Treatment plan for North Fork

Ms. Hahn –

We are distributing copies of our draft treatment plans to solicit comments from stakeholders and consulting parties. We tried to send you a copy of the one for North Fork and FED EX could not deliver it – the return receipt indicated that you no longer resided at the address in our records. If you would like us to send you a copy of this treatment plan, could you please provide me with a current address? I will make sure that one goes out right away if you have interest in seeing the document and possibly providing comments.

Thanks,  
Evelyn
